Presentation

We are pleased to present the Canadian Association for Graduate Studies' (CAGS) *39th Statistical Report* on enrolments and degrees awarded at the graduate levels from 1999 to 2008. The report was produced from data submitted to Statistics Canada by Canadian universities.

Please consider the following notes for all data in this report, where all frequencies are randomly rounded to a multiple of 3 using the following procedure:

- a) Frequencies that are multiples of 3 are not rounded.
- b) Frequencies one greater than a multiple of 3 are adjusted to the lower multiple of 3 with a probability of two-thirds and to the upper multiple of 3 with a probability of one-third.
- c) Probabilities are reversed for the frequencies one less than a multiple of 3.
- d) A zero may indicate a frequency of 1 or 2, while the absence of data corresponds to a true zero.

In this *39th Statistical Report* we added more detailed data on enrolment and degrees awarded in other graduate programs. Also, we added mean age at enrolment and graduation and data for province and world region of permanent residence at enrolment.

Enrolment data covers the 1999-2008 period:

- Enrolment in Master's, Doctorate and other graduate programs in Canada, broken down by university, by main disciplinary field and by disciplinary field.
- Women enrolment in Master's, Doctorate and other graduate programs in Canada, broken down by university, by main disciplinary field and by disciplinary field.
- Enrolment of international students in Master's, Doctorate and other graduate programs in Canada, broken down by university, by main disciplinary field and by disciplinary field.
- Enrolment in full and part-time Master's, Doctorate and other graduate programs in Canada, by main disciplinary field.
- Mean age at enrolment in Master's, Doctorate and other graduate programs in Canada, by main disciplinary field.
- World Region of Permanent Residence at Enrolment in Master's and Doctorate programs in Canada
- Permanent province of residence at enrolment by Canadian province for graduates studies.

Data on degrees awarded covers the 1999-2008 period:

- Degrees awarded in Master's, Doctorate and other graduate programs in Canada, broken down by university, by main disciplinary field and by disciplinary field.
- Degrees awarded to women in Master's and Doctorate programs in Canada, broken down by university, by main disciplinary field and by disciplinary field.

- Degrees awarded to international students in Master's and Doctorate programs in Canada, broken down by university and by main disciplinary field.
 - Except for the last few years, the data shows variations due to changes in the frequencies reported to Statistics Canada by some institutions. The historical series should then be interpreted with extreme caution.
- Mean age at graduation in Master's, Doctorate and other graduate programs in Canada, by main disciplinary field.

The classification by main disciplinary field and by disciplinary field used in this report is defined by Statistics Canada in their new system. The "international students" are also defined by Statistics Canada as students who are not Canadian citizens or landed immigrants.

We would like to thank Ms. Klarka Zeman of Statistics Canada for her invaluable cooperation in producing the data for this report. Mr. Pascal Lemelin, research professional at the *Observatoire des sciences et des technologies* (OST), has made a significant contribution to the achievement of this report, including, among others, the HTML version of the report. He was assisted in this work by Mrs. Marie-Claude Laframboise, UQAM student and intern at OST who is responsible for the graphics and tables.

Comments or suggestions to improve this report would be most welcome.

Jean Lebel¹
Associate professor, UQAM,
Director, Observatoire des sciences et des technologies,
ost@uqam.ca

February, 2011.

¹ Jean Lebel is also director general of the *Association des doyens des études supérieures au Québec*, ADÉSAQ.

Methodological Notes

- All frequencies are randomly rounded to a multiple of 3 using the following procedure: frequencies that are multiples of 3 are not adjusted; frequencies one greater than a multiple of 3 are adjusted on the next lowest multiple of 3 with a probability of two-thirds and the next highest multiple of 3 with a probability of one-third. The probabilities are reversed for frequencies one less than a multiple of 3.
- The data is subject to revision.
- "Other graduate level" includes master's qualifying year, university graduate level certificate or diploma, Ph.D. (Doctor of Philosophy) qualifying year or probationary, internship (Postgraduate Medical Education known as post-M.D.) and residency (medical, dental, veterinary). The sum of figures may not match exactly to totals due to exclusion of the category "gender not stated" or to rounding.
- Figures may not add up because of the exclusion of the "sex unknown" category in the table or because of rounding.
- The Classification of Instructional Programs (CIP) 2000 codes assigned to programs are under review for 2008/2009 for Quebec and Alberta institutions, Thompson Rivers University, Capilano University, Vancouver Island University, Emily Carr University of Art and Design, Kwantlen Polytechnic University and University of the Fraser Valley.
- Historical data coded with the University Student Information System (USIS) have been converted to the Classification of Instructional Programs (CIP) 2000.
- Starting with 2006/2007, counts of enrolments for Augustana Faculty are included in the University of Alberta figures.
- For University of Regina, enrolments since 2005/2006 and qualifications awarded since 2005 are not available.
- In May 2007, Alliance University College and Canadian Nazarene University College merged to become Ambrose University College. From a historical perspective, the enrolments and qualifications awarded at Ambrose University College in 2007/2008 should be compared to the combined counts of enrolments or qualifications awarded of Alliance and Canadian Nazarene University Colleges.
- The reconciliation of data is not completed yet for University of Saskatchewan for 2008/2009; University of British Columbia, for years 2006/2007 to 2008/2009.
- Enrolments counts were revised from 2004/2005 to 2007/2008. Also, the enrolments for the Institut de pastorale des Dominicains were removed from the 2006/2007 and 2007/2008 data.
- Field of study was updated for years 1999/2000 to 2007/2008 for some institutions.
- Due to the revision of the institutions in the survey, the following are not included in the 2008/2009 data : Institut de pastorale des Dominicains (ON), Tyndale University College and Seminary (ON), Redeemer University College (ON), Royal Military College of Canada (ON), Newman Theological College (AB), Vancouver School of Theology(CB), Trinity Western University (BC), and Seminary of Christ the King (BC).
- On our request, the following institutions had their series completed for 2008-2009 if they had an enrolment frequencies for 2007-2008: Tyndale College, Tyndale Seminary, Royal Military College of Canada, Newman Theological College, University of Alberta, Regent College, Vancouver School of Theology, Trinity Western University, Canadian Baptist Seminary.
- For University of Saskatchewan, residency enrolments in the health-related programs are not included in the 2008/2009 counts.
- For University of Saskatchewan, the definition of full-time and part-time has changed. The registration status for enrolments in 2008/2009 refers to the September to December period. In the previous years, it referred to the September to April period.
- The following institutions, previously colleges, have now the status of universities and are included in the 2008/2009 counts for British Columbia: Capilano University, Vancouver Island University, Emily Carr University of Art and Design, Kwantlen Polytechnic University and University of the Fraser Valley.
- For Quebec institutions, qualifications awarded do not include micro programs and attestations.
- The 2004 qualifications awarded for University of Alberta have been updated.
- Counts for qualifications awarded were revised from 2004 to 2007. Also, the graduates for the Institut de pastorale des Dominicains were removed from the 2006/2007 and 2007/2008 data.

- Information on socio-demographic characteristics are unknown for a large number of students in Ontario for 2008 and should be updated at the next release: age, country of citizenship,

immigration status of student, mother tongue, country of permanent address, permanent address upon admission.

Graduate Enrolment

Summary Section 1: Enrolment

- In 2008, 104,079 students enrolled in a Master's degree; an increase of 2.6% over the previous year and of 40.0% compared to 1999.
- In 2008, the institution with the largest enrolment at the Master's level is the University of Toronto with 8,367 students.
- The University of Prince Edward Island presents the highest enrolment growth (> 200 enrolment total) at the Master's level: a growth equivalent to 29.5% of the 2007 value.
- At the Master's level, "Business, Management and Public Administration" is the main disciplinary field with the largest enrolment: 23,547 students, while "Personal, Protective and Transportation Services" presents the highest growth from 2007 at 24.6%.
- In 2008, 42,828 students enrolled in a Doctorate degree, an increase of 4.2% over the previous year and of 61.7% compared to 1999.
- In 2008, the University of Toronto is the institution with the largest enrolment at the Doctorate level with 5,514 students.
- Ryerson University presents the highest growth in enrolment (> 100 enrolment total) at the Doctorate level; a growth of 43.5% from its 2007 value.
- At the Doctorate level, "Physical and Life Science" is the main disciplinary field with the largest enrolment: 9,213 students, while "Health, Parks, Recreation and Fitness" shows the highest growth (> 100 enrolment total) from 2007 at 7.9%.

Summary Section 2: Men and Women Enrolment

- There were 57,639 women enrolling in a Master's degree in 2008, an increase of 3.1% over the previous year and of 47.3% compared to 1999.
- Women account for 55.4% of all enrolments at the Master's level in 2008.
- In 2008, the University of Toronto has the largest number of women enrolled at the Master's level with 5,052 women.
- With a growth equivalent to 37.7% of the 2007 value, the University of Saskatchewan shows the highest growth in 2008 in women enrolment (> 200 enrolment total) at the Master's level.
- The institution presenting the largest proportion of women at the Master's level in 2008 is the Mount St. Vincent University where women account for 83.7% of total enrolment (>100 enrolment).
- For 2008, "Business, Management and Public Administration" is the main disciplinary field with the largest number of women enrolled: 11,085, while "Personal, Protective and Transportation Services" shows the highest growth from 2007 with 54.2%.
- "Health, Parks, Recreation and Fitness" is, in 2008, the field showing the highest proportion of women enrolled in a Master's degree: they account for 78.3% of total enrolments.
- For men, Ryerson University presents the highest growth in men enrolment (> 200 enrolment total) at the Master's level, a growth equivalent to 16.7% of the 2007 value.
- The Ontario Institute of Technology is the institution where the proportion of men enrolling at the Master's level in 2008 is the highest at 96.3%.
- "Personal, Protective and Transportation Services" shows the highest proportion of men enrolled at the Master's level at 73.9%.
- 20,037 women enrolled in a Doctorate degree in 2008, an increase of 5.3% over the previous year and of 69.6% compared to 1999.
- Women account for 46.8% of all enrolments at the doctorate level in 2008
- The institution with the largest women enrolment in a Doctorate degree in 2008 is the University of Toronto with 2,841 enrolments.
- The University of Saskatchewan presents in 2008 the highest growth in women enrolment (> 100 enrolment total) at the Doctorate level: a growth equivalent to 36.3% of the 2007 value.
- At 65.0%, Université du Québec à Trois-Rivières shows the highest proportion of women enrolled at the Doctorate level in 2008 (>100 enrolment total).
- "Social and Behavioural Sciences, and Law" is the main disciplinary field at the Doctorate level with the largest women enrolment: 5,352 while the disciplinary sector "Other" shows the highest growth from 2007: 15.3% (>100 enrolment).
- At the Doctorate level, "Education" presents the highest proportion of women enrolled with a share of 68.9%.
- For men, Ryerson University shows the highest growth in men enrolment (> 100 enrolment total) at the Doctorate level in 2008; a growth equivalent to 47.2% of the 2007 value.
- In 2008, Quebec's École de technologie supérieure (ÉTS) shows the highest proportion of men enrolled at the Doctorate level : 85.9%.
- At the Doctorate level, "Architecture, Engineering and Related Technologies" shows the highest proportion of men enrolled, at 79.6%.

Summary Section 3: International Graduate Enrolment

- 13,401 international students enrolled in a Master's degree in 2008, an increase of 3% over the previous year and an increase of 89.1% compared to 1999.
- In 2008, international students represent 12.9% of total enrolments at the Master's level.
- The institution with the largest number of international students enrolled in a Master's degree is the University of British Columbia with 1,218 foreign students.
- Vancouver Island University is the institution with the highest proportion of international students enrolled at the Master's level with 67.2% (>100 enrolment).
- The Université du Québec à Chicoutimi presents the highest growth in international students' enrolment (> 200 enrolment total and > 50 international students enrolled) at the Master's level: a growth equivalent to 52.4% of its 2007 value.
- With 3,786 international students enrolled, "Business, Management and Public Administration" is the main disciplinary field with the largest international students' enrolment in a Master's degree, while "Architecture, Engineering and Related Technologies" shows the highest growth from 2007, at 9.3% (>100 international students enrolment).
- "Mathematics, Computer and Information Sciences" has the highest proportion of international students enrolled at the Master's level with a share of 25.4%.
- 8,784 international students enrolled in a Doctorate degree in 2008, an increase of 6% over the previous year and of 91.9% compared to 1999.
- International students' enrolment in a Doctorate degree represents 20.5% of total enrolment in 2008, compared to 17.3% in 1999.
- The University of Toronto has the largest number of international students at the Doctorate level in 2008, with 945 enrolments (17%).
- At 35.4%, the Institut national de la recherche scientifique has the highest proportion of international students' enrolled in a Doctorate degree in 2008 (>100 enrolment).
- The University of Calgary presents the highest growth in the number of international students' enrolled (> 100 enrolment total and > 25 international students enrolled) at the Doctorate level, a growth of 28.7% from the 2007 value.
- "Architecture, Engineering and Related Technologies" is the main disciplinary field with the largest number of international students' enrolled at the Doctorate level: 2,385, while "Agriculture, Natural Resources and Conservation" shows the highest growth with a 14.2% increase from its 2007 value (>100 international student's enrolment).
- "Architecture, Engineering and Related Technologies" has the highest proportion of international students enrolled in a Doctorate degree with 33.9%.

Summary Section 4: Enrolment by Registration Status

- 73,569 students enrolled in a full time Master's degree in 2008, an increase of 4.0% over the previous year but an increase of 56.9% compared to 1999.
- Full time students represent 70.7% of Master's degree enrolment in 2008.
- "Business, Management and Public Administration" is the main disciplinary field with the largest number of full time students' enrolled at the Master's level: 14,091, while "Personal, Protective and Transportation Services" shows the highest growth with a 44.4% increase from its 2007 value.
- "Physical and Life Sciences, and Technologies" has the highest proportion of full time students enrolled in a Master's degree with 93.3%.
- 40,251 students enrolled in a full time Doctorate degree in 2008, an increase of 4.3% over the previous year but an increase of 70.0% compared to 1999.
- Full time students represent 94.0% of Doctorate degree enrolment in 2008.
- With 8,934 full time students enrolled, "Physical and Life Sciences, and Technologies" is the main disciplinary field with the largest number of full time students' enrolled at the Doctorate level while the main disciplinary field "Other" shows the highest growth with 8.1% from its 2007 value (>100 full-time enrolment).
- "Physical and Life Sciences, and Technologies" has the highest proportion of full time students enrolled in a Doctorate degree with 96.9%.

**Summary Section 5:
Mean age at enrolment in Graduate Studies**

- The mean age at enrolment at the Master's degree in 2008 was 30,9 years old while it was 33.0 years old at the doctorate level and 32.7% in other graduate studies.
- In 2008, at the Master's level, it is in "Physical and Life Sciences, and Technologies" that the students enrol at the youngest age at 26.3 years old while "Personal, Protective and Transportation Services" shows the highest mean age at enrolment with 36.8 years old
- In 2008, at the Doctorate level, it is in "Physical and Life Sciences, and Technologies" that the students enrol at the youngest age at 30.0 years old while "Education" shows the highest mean age at enrolment with 41.5 years old.

Summary Section 6: Permanent address at enrolment in Graduate Studies

- In 2008, at the Master's level, when the permanent country of residence is known, the majority of students come from North America (81.3%) followed by Eastern Asia (3.1%) and Southern Asia (2.0%).
- In 2008, at the Doctorate level, when the permanent country of residence is known, the majority of students come from North America (72.3%) followed by Southern Asia (3.8%) and Eastern Asia (3.4%).

Degrees Awarded

Summary Section 7: Degrees Awarded

- 36,507 Master's degrees were awarded in 2008, an increase of 11.9% over the previous year and of 56.9% compared to 1999 (23,271 degrees awarded).
- With 3,495 degrees awarded, the University of Toronto is the institution with the largest number of Master's degrees awarded.
- Ryerson University presents the highest growth in the number of Master's degrees awarded (> 200 degrees awarded total) with an increase equivalent to 70.8% of its 2007 value (from 360 to 615).
- "Business, Management and Public Administration" is the field with the largest number of Master's degrees awarded: 10,419, while "Agriculture, Natural Resources and Conservation" shows the highest growth (> 200 degrees awarded total) from 2007, with an 15.9% increase.
- 5,424 Doctorate degrees were awarded in 2008, an increase of 8.3% over the previous year and of 36.7% compared to 1999 (3,966 degrees awarded).
- The University of Toronto, with 744 degrees awarded, is the institution who has awarded the most Doctorate degrees in 2008.
- The Université de Sherbrooke shows the highest growth in the number of Doctorate degrees awarded (> 100 degrees awarded total) with a growth equivalent to 42.3% of its 2007 value (from 78 to 111).
- "Physical and Life Sciences, and Technologies" is the main disciplinary field with the largest number of Doctorate degrees awarded in 2008, at 1,431, while "Humanities" shows the highest growth with a 21.3% growth over 2007.

Summary Section 8: Men and Women Degrees Awarded

- There were 19,929 Master's degrees awarded to women in 2008, an increase of 5.8% over the previous year and of 65.3% compared to 1999.
- Women were awarded 54.6% of all Master's degrees awarded in 2008.
- The University of Toronto has awarded the largest number of Master's degrees to women in 2008, with 2,115 degrees awarded.
- With a growth of 57.8% from 2007, Ryerson University is the institution with the highest growth of Master's degrees awarded to women.
- 78.0% of Master's degree graduates in 2008 are women at the Mount St. Vincent University (>100 graduates total)
- "Business, Management and Public Administration" is the main disciplinary field with the largest number of Master's degrees awarded to women: 4,647, while "Humanities" shows the highest growth from 2007, with a 15.8% increase (> 200 degrees awarded total).
- The field "Health, Parks, Recreation and Fitness" shows the highest proportion of Master's degrees awarded to women with a proportion of 81.0%.
- For men, 16,575 Master's degrees were awarded to them in 2008, an increase of 2.7% over the previous year and of 47.8% compared to 1999.
- Master's degrees awarded to men account for 45.4% of all Master's degrees awarded in 2008.
- 2,397 Doctorate degrees were awarded to women in 2008, an increase of 7.1% over the previous year and of 53.9% compared to 1999.
- Women were awarded 44.2% of all Doctorate degrees awarded in 2008.
- The institution that awarded the largest number of Doctorate degrees to women is the University of Toronto with 336 degrees awarded.
- With a growth of 17.9% from 2007, the University of Alberta is the institution with the highest growth of Doctorate degrees awarded to women.
- 67.4% of Doctorate degree graduates in 2008 are women at the Université du Québec à Montréal (>100 graduates total).
- "Physical and Life Sciences, and Technologies" is the main disciplinary field with the largest number of Doctorate degrees awarded to women: 600, while "Architecture, Engineering and Related Technologies" shows the highest growth with an increase of 51.0% over its 2007 value.
- The field "Education" shows the highest proportion of Doctorate degrees awarded to women at 67.0%.
- For Men, 3,027 Doctorate degrees were awarded to them in 2008, an increase of 9.2% over the previous year and an increase of 25.7% compared to 1999.
- Doctorate degrees awarded to men account for 55.8% of all Doctorate degrees awarded in 2008.

Summary Section 9: Degrees Awarded to International Students*

- 4,077 Master's degrees were awarded to international students in 2008.
- Master's degrees awarded to international students account for 11.2% of all Master's degrees awarded in 2008.
- The institution with the largest number of Master's degrees awarded to international students is the Royal Roads University with 639 degrees awarded.
- In 2008, "Business, Management and Public Administration" is the main disciplinary field with the largest number of Master's degrees awarded to international students: 2,070.

- 486 Doctorate degrees awarded to international students in 2008.
- Doctorate degrees awarded to international students account for 9.0% of all Doctorate degrees awarded in 2008.
- The institutions who awarded the largest number of Doctorate degrees to international students are the University of Alberta and the University of British Columbia with 72 degrees awarded.
- "Physical and Life Sciences, and Technologies" is the main disciplinary field with the largest number of Doctorate degrees awarded to international students: 162.

* Information on socio-demographic characteristics are unknown for a large number of students in Ontario for 2008 and should be updated at the next release: age, country of citizenship, immigration status of student, mother tongue, country of permanent address, permanent address upon admission.

Table 9 Graduate Degrees Awarded to International Students, 1999-2008

Summary Section 10: Mean age at Graduation*

- The mean age at graduation at the Master's degree in 2008 was 33.3 years old while it was 35.5 years old at the doctorate level and 34.7 years old for the other graduate studies.
- In 2008, at the Master's level, it is in "Personal, Protective and Transportation Services" that the students graduate at the youngest age at 27.2 years old while "Education" shows the highest mean age at graduation with 38.9 years old.
- In 2008, at the Doctorate level, it is in "Physical and Life Sciences, and Technologies" that the students graduate at the youngest age at 32.6 years old while "Education" shows the highest mean age at enrolment with 45.1 years old.

* Information on socio-demographic characteristics are unknown for a large number of students in Ontario for 2008 and should be updated at the next release: age, country of citizenship, immigration status of student, mother tongue, country of permanent address, permanent address upon admission.

Table 10 Mean age at Graduation in Graduate Studies in Canada, 1999-2008

	Master's	Doctorate	Other Graduate	Total
1999	31,9	35,7	34,1	32,6
2000	31,6	35,6	33,1	32,2
2001	32,2	35,5	33,8	32,7
2002	32,1	35,7	34,3	32,7
2003	32,1	35,6	35,6	32,9
2004	32,4	35,9	35	33
2005	32,3	35,5	35	32,9
2006	32,4	35,5	34,9	32,9
2007	32,2	35,1	34,9	32,8
2008	33,3	35,5	34,7	33,7
